

Berwyn South School District 100

Superintendent Goals 2008-2009

Commit to continuous improvement

In order to focus on continuous improvement, our District will increase student and staff learning.

Provide a positive partnership with the South Berwyn Community

In order to expand our positive partnership with our internal and external community members, we will provide greater opportunities for communication and interaction.

Provide a safe and caring learning environment

In order to achieve the District's focus of commitment to continuous improvement, we will provide our students and staff with a safe and caring learning environment.

Manage for financial integrity

In order to ensure achievement of goals, the District will plan for present and future needs and report out to all members of our internal and external community.
